URL	https://sites.google.com/view/hayatat/home https://researchmap.jp/hayatat?lang=en

EDUCATION

2024–present	Business Administration, Kobe University, Japan (Ph.D., Business Administration)
2022–2024	Business Administration, Kobe University, Japan (M.A., Business Administration)
2018–2022	Commerce, Kumamoto Gakuen University, Japan (B.A., Commerce)

RESEARCH INTERESTS

I study how competitive advantage is created, acquired, and sustained—and why some advantages endure while others erode. I approach this question from two directions: from inside the firm, examining how capital and resource allocation decisions accumulate into durable performance differences; and from the market, examining how firms' strategic and tactical choices shape customer response and demand. My work combines large-scale empirical analysis with formal modeling of resource dynamics. Areas of expertise:

→ **Competitive advantage and its persistence**
→ **Resource and capital allocation dynamics**
→ **Corporate Strategy**
→ **Marketing Strategy**
→ **Marketing–finance interface**
→ **Formal modeling of resource dynamics**

RESEARCH AWARDS AND HONORS

2026	Best Research Paper Award for Doctoral Students, Kobe University

2026 Best International Paper Award, Graduate School of Business Administration, Kobe University
